*"We have been with Servpac for many years, they take care of our phone system and our IT for our EMR. They have great customer service and knowledgeable staff. All my tickets are addressed within a timely manner. The staff there are very professional and will go the extra mile for their customers. I have recommended them to a few other companies and will continue to recommend them."*

*- Jeanette M.,  
Pali Women's Health Center & Pali MediSpa*

*"We were looking for a partner that could grow with us. We were very impressed with the cloud capabilities that Servpac had to offer and their two local facilities (Honolulu and Mililani) fit well with our expansion plans. We are happy with our partnership and the IT services we receive."*
