

How to Use Combo Lock

Open the Lock:

1. Make sure the arrow next to the keyhole is pointing to the lock symbol
2. Turn the dials to enter your pin code starting from the left dial
3. Turn the keyhole knob counter-clockwise to the unlock symbol
4. Pull the handle out and down
5. Pull the door open

Close the Lock:

1. Close the door
2. Realign and push in the handle
3. Make sure the arrow next to the keyhole is pointing to the unlock symbol
4. Turn the keyhole knob clockwise to the lock symbol
5. Turn the dials so that all three are showing "0"
6. Tug on the handle to make sure the door doesn't open
